

Executive Challenge Academy

Corporate Governance

The Governance environment has become more demanding and challenging as boards juggle long term strategic objectives with the short term and sometimes competing needs of a range of stakeholders.

This complexity is amplified in executive directors who need to adeptly manage a range of interests that they represent.

This workshop will deliver practical insights into the management of risk, probity and ethical decision-making. It is designed for executives in government and community sectors who have to effectively navigate a complex, economic and governance environment.

Topics that will be covered:

- Governance frameworks
- Current and emerging legislation impacting Directors
- Strategy and Risk
- Ethical Frameworks
- Decision Making
- Governance effectiveness and leadership.

Expected Outcomes

- receive an update on current issues in governance
- learn about practical techniques to enhance your effectiveness as a leader
- gain insights through a combination of case study, facilitated sessions and experiential learning

Executive Challenge Academy Overview

Step out of your everyday context and into a dynamic ongoing learning community. Here you will become steeped in new thinking and new ways of approaching your challenges, and make connections with innovative leaders from across sectors and across the world.

By the end of the Journey process you will:

- Have greater understanding of your own leadership strengths and challenges as well as practices that support your ongoing development as a high – performing authentic leader
- Be able to see and understand situations through multiple lenses.
- Be able to sustain confidence and equilibrium in the midst of pressure and uncertainty.
- Be more attuned to personal and group dynamics, and more skilled in working with those dynamics.
- Have learned and practised skills needed to shift your organisation's or community's culture towards greater levels of engagement, trust and accountability.
- Be in the process of applying a framework for small – or large-scale innovation, which combines strategic intention and focus with responsiveness to changing conditions and emerging opportunities.
- Have access to resources, connections and support of world-class faculty as well as an inspired network of innovative peers and mentors.
